Bao's Job This Month

Winter Ranger Bao

- Explores the snowy world
- Looks for animal tracks
- Keeps the team on track
- Believes in big adventures

Nature always has amazing stories to tell!

Giggle Challenge

Make someone smile on a cold day. It can be a kind word, a small help or a nice drawing!

Kindness makes the world warmer!

The First Star

It's a bright and snowy day and the Giggle Dumplings discover mysterious footprints in the fresh snow. Together they follow the trail through the forest, across frozen streams and up to a little hill.

What will they find at the end of the footprints?
Their journey has just begun!

Follow the Footprints!

Help Nibbles find the golden star! Use the footprints to find the right way through the snowy forest. There are many dead ends - can you make it to the star?

Did you know?

Different animals leave different footprints in the snow. Can you match them to the right animal?

Every footprint tells a story!
